

Continental Compresso®

Your Trusted Infrastructure & Industrial Supporters

**MULTI BRAND DIESEL & ELECTRIC
AIR COMPRESSORS ON RENTAL & HIRE SERVICE**

- * ATLAS COPCO DIESEL AIR COMPRESSOR VT-4,VT-5,VT-6 & VT-250
- * PNEUMATIC BREAKERS, JACK HAMMER (DRILL) & CHIPPERS * ELECTRIC BREAKERS
- * PORTABLE DIESEL & ELECTRIC HIGH & LOW PRESSURE AIR COMPRESSORS
- * ELECTRIC RECIPROCATING AIR COMPRESSORS * OIL FREE DENTAL COMPRESSOR
- * ELECTRIC DRYERS WITH MOISTURE SEPARATOR
- * SAND BLASTING HOPPER & QUIETING HOPPER

CONTINENTAL COMPRESSO is a professional equipment Rental & Hire Company. Established since 1984, the company makes valuable contribution in field of Construction, Industrial & Infrastructure equipments with **ONE STOP SOLUTION** for hiring of Infra & Industrial Equipment. Our company specialize in providing Rental & Hire services of Diesel & Electric Driven Screw & Reciprocating Air Compressors to clients across India. Our range is simple in operation, energy efficient and suitable for heavy duty and continuous operation. Our rental services are available at market leading price. We provide Multi brand Diesel & Electrical Compressor across the India.

We have wide range of World Class Diesel & Electrical Compressors like Atlas Copco, Ingersoll Rand (IR) & DOOSAN, Chicago Pneumatic (CPS), Elgi, Kamdar Engineering India (KEI), COMPTECH, KULMEC etc. Capacity from 100 cfm to 1200 cfm in Diesel range & also 0 cfm to 400 cfm & from 1 HP to 100 HP in Electric. Our machine unit services are a class in itself, reliable, prompt, efficient & available whenever-wherever you require. We have also small unit of Earthmoving Machineries, like JCB, Hydraulic Excavator with Rock Breaker, Diesel Power Generators sets & Lighting Tower. Beside the excellent machine units we have capable and Experienced staff to man them & perform as required. Our mechanical staff works round the clock to see that our machine units do not stop to drill, excavate or break rocks.

We are endlessly approaching to every current & potential customer with our professional techniques & timely services. **Continental Compresso** promises to provide customer's satisfaction by tailor made solutions & keeps pursuing perfect products & services. Just Call or Miss Call & Service is at you door step

Why choose **Continental Compresso** for equipment hiring needs?

Continental Compresso ensures the most well maintained machines are provided with professional guidance as per the project need, with the right equipment and solutions. The Professional guidance will save a lot of time, effort stand money which is bundled in our services at no extra cost. The rental offer, many a time is the most ideal proposal as it eliminates buying the right equipment, training the mechanics, stock spare parts and also do the maintenance work etc.

Features

- Equipments on hire basis for a single day, a week, a month or whole year, as Long as Customer requires.
- Professional mechanical staff, prompt, reliable service & reasonable prices.
- We deliver equipments at your site, service across the country.

Vision

To be a major contributor in providing an up-to date facility that incorporates international parameters with an emphasis on innovation, for the infrastructure & industrial needs of the nation. To be a single point service provider for all growing Construction, Infrastructure & Industrial needs.

Quality Policy

We are committed maintaining a leadership position in Rental & Hiring of various Construction, Infrastructure project & Industrial related machineries. Our Policy is to understand the customer expectations. We value our clients as business partners. We dedicated to providing the highest quality of service to them & will treat their goals & Objectives as our own.

Mr. Bharat H. Joshi
CEO - Continental Compresso

Atlas Copco Diesel Air Compressors VT-4, VT-5, VT-6, VT-250 ON RENTAL

Diesel Powered "Atlas Copco" Air Compressor Units, VT-4,VT-5, VT-6 & VT-250 all Positive- Displacement Category, Reciprocating Design Compressor

Applications :

- Demolition work : Such as asphalt or cement road breaking with Pneumatic breakers cfm90. (CP-117.CP- 1230& CP-1240)
- Rock drilling with 110 cfm. rock drills, using up to 8 ft. drill steels.
- Sand Blasting and Guineting.
- Compressed Air up to 335 cfm. at passing through HDPE Pipes. • Industrial purposes.

Atlas Copco Diesel Portable Screw Air Compressors XA 146, XA 157, XAM 157 ON RENTAL

- Heavy duty, Portable.
- Lower fuel consumption.
- Diesel engine powered.

Applications:

- Such as breaking & Drilling with pneumatic tools
- Sand Blasting & Metal Blasting & Painting
- All Construction & Industrial Needs.

Atlas Copco XAH-186, XAT-197, XAH-210, XAV-216, XAH-236 & XAVS-600 ON RENTAL

Medium Portable Diesel Compressors Are Available In Our Product Range It's Normal Effective Working Pressure From 100 psi To 200 psi At 7 bar (e) To 14 bar (e)

Applications:

- Quarry & Mining In Combination Of Wagon Drill -With Drifter For Grouting Work
- Rock Anchoring Work
- Water Well Drilling Work
- Surface Drilling Oil & Gas Exploration Work
- Many More Allied High Pressure Application

Atlas Copco Large Portable High Pressure Diesel Compressor (1000 to 1350 CFM) ON RENTAL

- Low fuel consumption.
- Lesser machine downtime.
- Ensures easy serviceability.
- Faster drilling with high fuel economy
- Easy loading on 25 ton truck with storage space
- Higher pressure - Higher depth - Higher revenues
- Right combination of air flow and pressure

These are running model of  Chicago Pneumatic  Ingersoll Rand  DOOSAN  ELGI

CPS - 160, CPS - 325 CSP - 450-150 CPS - 450-200 CPS - 550-175
IR & Elgi From 160 cfm 750 cfm / 7 bar to 17 bar at 100 psi to 300 psi ON RENTAL

These quiet running fuel efficient portable compressors are design to match your performance needs, with compact light weight design, superior running gear & Power full fuel efficient engineers you can get your job done-reliably, safely & efficiently.....

Applications:

- All high Pressure constructions & infrastructures project
- Water well work,
- Foundation Drilling
- Oil & Gas refinery industries

These are Electric Driven Screw Types Potable Compressors From well known & well respected Brand i.e. Atlas Copco India Ltd. & Chicago Pneumatic ON RENTAL

Capacity Form 300 cfm to 400 cfm / 8 bar to 10 bar at 100 psi to 150 psi with 60HP to 100 HP Electric Motor. Presenting the efficient, electrically Powered, non Pollution Polluting, Eco Friendly portable, rugged & Versatile Electric driven screw air compressor under sound & weather proof canopies. They are easy to move & there fore ideally suited for constructions, mining & industrial site use.

Features & Benefits:

High Performance two stage air intake filters All controls & safeties provided on a single panel with quick cable connector. More air for less power dry & Clean Air - 100% reliability

Portable Electric Screw Compressor 30HP & 40HP ON RENTAL

Today Kulmec has an excellent reach, with local customer centers around the world. We presenting KE-30 & KE-40 Models from Kulmec. Capacity 107 cfm & 175 cfm/ 10 bar (e)& 13 bar (e) at 157 psi & 189 psi with 30HP & 4 HP Electric Motor.

Applications:

- Sand Blasting
- Air Less Spray Painting work & use full for Construction, Mining & Industrial Work.

Atlas Copco Air Roc - D - 35 Pneumatic Crawler Rig ON RENTAL for 105-115mm holes

- One man operated, light weight.
- Mainly designed blast hole production drilling in quarries, surface mining and construction work.
- High tractive pull which allows the crawler to climb 30° slopes on its own.

COMPTECH
WORLD CLASS COMPRESSOR
KEI

Reciprocating Electric Air Compressor ON RENTAL

Compressor Range 1 HP to 25HP /80 cfm world class quality fully balanced, vibration free quieter Operation A rugged cast iron design, ideal for heavy duty & continues Operation

Applications :

- Pharmaceuticals • Printing
- Moulding Industries • Car Servicing
- Pneumatic Tools Operation • Plastic Bottle Mfg. Factory

Rotary Screw Electric Air Compressor ON RENTAL

- Compressor Range 10 HP to 100 HP
- These modles are availabe with VFD, & Pressure up to 13kg.
- Vibration Free, Quieter Operation
- Design for Heavy Duty & Continues for dusty & hot climate
- These modles are availabe with VFD, & Pressure up to 13kg.
- Air ends are design for 10 kg. working pressure at lower operating pressure motor bhp will reduced, means motor consumes less energy. for every 2 psi readuction in operation pressure there is 1% power saving

Applications :

- Pharmaceutical / Cement industries / Steel industries Printing / Food / Medical
- Rubber Industries.
- Plastic Bottle Manufacturing Factory.
- Different types of Pneumatic tools Operation & many more.

Oil Free Dental Air Compressor ON RENTAL

These Dental Compressors are Oil Free Compressors which have been designed in an in an efficient manner and they have been made using the best technology available in the market and they offer a high performance to the customers.

These Products have a very robust make and they have been designed in an efficient manner.

These are available in 0.75HP to 1.1HP Reciprocating Oil Free Air Cooled 7 bar pressure at 100 psi to 115 psi with 30 ltr. to 50 ltr. tank capacity.

These are widely used in dental medical hospitals and are ideal for to comply with HTM 2022 NHS regulation. Also, these are extensively used in labs, surgeries and workshop where clean air is required. Our compressor has following features like oil free low noise compressor, extremely good quality accessories used and large tank capacity etc.

Atlas Copco - GA Series Electrical Screw Compressor GA-37, GA-45 ON RENTAL

- Maintenance free drive system
- After cooler with integrated
- Electronic water drains
- Electronic cubicle cooling booster
- Inlet filter & Valve

Air Dryer ON RENTAL

: It is use full equipment with attachment of compressor. It is use for 10 cfm to 700 cfm. Maximum working pressure at 16 bar

Features & Benefit

- Solid Performance & Reliability.
- Steady pressure dew point
- Simple & Proven design, Quality Components
- Effective control system • Easy installation - plug & Play
- Single & Three Phase Electrical Connection
- Cost Saving - increased life time of tools & Equipment
- Reduced Energy Consumption
- Fewer repairs to tools, machines & Pipe work.

Moisture Separator

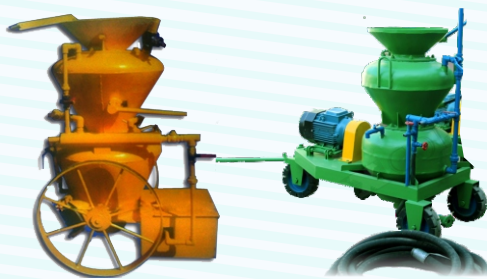

Sand Blasting Hoper ON RENTAL

Features:

- Easy to move, with complete accessories and function, easy operation.
- High surface cleaning and finishing efficiency as long as equipped with compressed air source.
- Using imported blast valve structure, easy to adjust the proportion of air and sand, optimizing the utilization rate of abrasive sand.
- Pressure container manufacturing process according to relevant national regulations and standards, safe and reliable.
- Using wear-resisting hose and nozzles, ensuring long lifetime.
- Less easily worn parts, convenient fro maintenance, low operation cost.

Applications :

Portable Sandblaster series can meet different requirements of customers and is widely applicable for sandblasting and cleaning big-sized work piece, like steel structure, ship building, steel plate, boiler, container, etc, also applicable for sandblasting treatment off jeans wear.

Guniting & Shotcreting Machine ON RENTAL

Guniting or Shotcreting is the process of conveying desire mixer of dry cement, sand and / or aggregate under air pressure at high velcocity with just sufficient quality of water for hydration. MTF make gunite consists of a twin chamber gun and a twin water tank and is powered by an air motor. The material is deposited on the desired surface through a placing nozzle under compressed air. These machines shall be used for various Constrictions & Infra Projects

Hydraulic Splitter ON RENTAL

- An Only substitute where lasting is not allowed. The Most Power full hand operated technique for demolition of concrete & rock
- Its splitting force over 350 Tons as breaking force effective than any large or small impact breakers.
- It has controlled splitting & this method eliminates shock waves, vibration, dust and noise.
- Useful for demolition of Factory chimney, concrete walls under water demolition.

3D Excavator Loader Unit ON RENTAL

- Diesel operated.
- Versatile unit in all types of excavation.

Diesel Power Generator (DG Set) ON RENTAL

- Capacity: Standard Diesel Genset: 10 KVA to 125 KVA
- Sound Proof: 75 KVA to 500 KVA
- Sound proof enclosure
- 3 Phase 440v, 50hz
- Automatic mains failure panel.

Lighting Tower

Why only continental for you!

Continental ensures the most well maintained machines are provided with professional guidance as per the project need with the right equipment and solutions. The Professional guidance will save a lot of money and is not charged. The rental offer, many a time is the most ideal proposal as it eliminates buying the right equipment, training the mechanics, stock spare parts and also do the maintenance work etc.

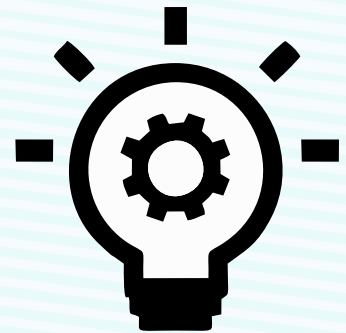

Why not save up to 50% on rental?

Continental's highly professional services & well maintained machines will complete the job faster, reaching from the nearest point, this saves time and money. The equipment, service mechanics and engineers work through out the country and across continents. Continental also buys, sells and rents a variety of equipment and as per one's need. Continental rents even for a single day, for weeks or months as per the project requirements.

Tailor made solution to every need

Continental Compresso has long term or short term flexible solutions to every Customer's need whenever and whenever required - round the clock - with highly trained staff, polite operators and well maintained Wide range of machines. The excellently well maintained machines and highly trained, polite & professional staff will ensure, the equipment neither stop to drill, excavate a break rocks and complete the entrusted job on time, to the delight of each and every customer.

The First Choice for Rental

The Continental Compresso has 25 years of reputation across India with a huge of fleet of state of-the-art line of compressor, earth moving equipment, Power generators, related products and spare parts. The equipments are backed with the services of one of the best team of engineers, mechanics, fitters, electricians and experienced operators to ensure round the clock services almost With no breakdown in normal services and many other problems related to equipment uses.

Continental's clients are — all across India

Shri. Bharat Joshi, the CEO, is famous throughout the length & breadth of India for his prompt service, reliability. He is known to one and all, who-is-who of this business and this industry
